

## IDAHO CRIME PREVENTION ASSOCIATION

THE PROFESSIONAL VOICE OF CRIME PREVENTION IN IDAHO SINCE 1981

### 3 DAY BASIC CRIME PREVENTION THROUGH ENVIRONMENTAL DESIGN (CPTED) WORKSHOP

Crime Prevention Through Environmental Design (**CPTED**), is derived from environment-behavior research and provides strategies to conceptualize and control the design and management of built and natural environments to prevent, reduce, or mitigate criminal acts.

<b>Date:</b> Sept. 21 - 23, 2010	<b>Time:</b> 8:00 - 5:00	<b>Location:</b>
<b>Registration Fee:</b>	<b>Contact:</b> Larry McGhee	Bingham County SO
\$100.00 ICPA members	<b>Email:</b>	501 N. Maple
\$125.00 non-members	<a href="mailto:larry.mcghee@post.idaho.gov">larry.mcghee@post.idaho.gov</a>	Blackfoot, Idaho
	<b>Phone:</b> (208)884-7252	

---

#### **Benefits of Attending -**

The participant will:

- be able to recognize the underlying premise of CPTED: That the proper design and effective use of the built environment can lead to a reduction in the incidence and fear of crime and to an increase in the quality of life.
  - be able to recognize and define the three basic CPTED components as they can be applied to commercial buildings, schools, parks, homes and neighborhoods.
  - learn the components of the 3 D Concept: Designation, Definition, Design.
  - learn partnership approaches to problems and opportunities for networking and sharing best practices.
  - be able to demonstrate an understanding of CPTED concepts by providing descriptive example(s) of a good and a bad CPTED setting.
- 

#### **Who Should Attend:**

This training is designed for professionals and students in Crime Prevention, Law Enforcement, Retail & Business community, City Planning, City Management, City & County Government, Architects, Code Enforcement, Parks & Recreation, Security Consultants, Education and policy making.
